

OWNERS CHECKLIST PRIOR TO FUMIGATION

- Prepare to vacate all people and pets when the fumigation crew arrives (including fish in aquariums and growing plants).
- All items for human consumption (such as foods, beverages and medications) which are not intact in the original manufacture's air tight containers (such as sealed glass or metal) must be removed from the structure prior to fumigation or must be double bagged in NYLOFUME BAGS.
- All food inside refrigerators and freezers must be placed in NYLOFUME BAGS (double bagged). If food has not been removed or properly bagged by the time the fumigators arrive, there may be an additional charge to bag your food items. First Class Fumigation is not liable for replacement costs for any discarded items.
- Remove all mattresses and pillows with WATER PROOF COVERS or remove the covers. **BABY MATTRESSES MUST BE REMOVED.**
- Electricity must be available, as it will be required to run fans during the fumigation period.
- Cut back shrubbery and tree branches to prevent damage. Allow enough space for the tent to fall freely to the ground. Tree limbs growing over the roof must be trimmed back.
- Antenna and satellite dishes must be removed, if not removed First Class Fumigation will not be responsible for misalignment or damage after the fumigation is completed. Please make arrangements for removal or re-alignment.
- Fumigation may need to be rescheduled to a later date due to High Strong Winds.
- Swallows often nest under eaves around buildings; if nests are occupied we CANNOT proceed until the nests have been vacated. "Federal Law prohibits us from disturbing Swallow Nest".
- In certain situations adhesive spray, duct tape, masking tape or cloth tape may be used for sealing purposes. First Class Fumigation will not be held responsible for any paint or plaster lifting off when the tape is removed or any adhesive left behind.
- Fumigation will be done by industry standards and all possible precautions will be taken to avoid damage, but in certain situations, some damage may occur to roofing (tile, metal, old brittle, etc.), awnings, vent caps, spark arrestors, solar panels and patio covers, as well as certain rain gutters. First Class Fumigation assumes no responsibility for such damages if they occur.
- The company does not provide on-site security and will not be held responsible for vandalism, theft or breaking and entering. The company suggests that valuables such as jewelry, art, cash or other items of value be removed from the property prior to fumigation. You may hire a security service to be present during the fumigation.
