

NOTICE TO HOMEOWNERS

Security Notification

Date of Fumigation: _____

Property Address: _____

Due to difficult economic conditions, local authorities have reported a recent increase in the number of home burglaries. Unfortunately, this could affect our customer's properties while they are being fumigated. While we take certain precautions to deter such illegal activity, **we do not provide on-site security** and our insurance does not provide coverage against a break in or vandalism, if it were to occur. Thus, we request you consider implementing the following security measures while you are away from your property.

“Crime Prevention Tips”

1. Hire on-site security.
2. Take valuables such as money, jewelry, credit cards, important documents, etc., with you to secure locations.
3. Notify your trusted neighbors that your home is going to be fumigated and to call the police if they notice any suspicious activity.
4. Contact your local law enforcement and request extra patrols of your property while you are away.

Note: The Company does NOT provide on-site security.

I acknowledge I have been advised of the suggested measures listed above and understand that Coastal Termite and First Class Fumigation are not liable in the event of a break in or vandalism occurring during the fumigation process.
